FOR IMMEDIATE RELEASE:

CLEANING TECHNOLOGIES GROUP, LLC ANNOUNCES GREG ALLEN AS PRESIDENT OF CORTEX ENGINEERED SOLUTIONS

May 2025 – Cincinnati, OH

Cleaning Technologies Group, LLC (CTG) is pleased to announce the promotion of Greg Allen to President of Cortex Engineered Solutions, a division of CTG. Cortex focuses on the innovation, design, manufacture, installation, and service of specialty equipment outside of the parts cleaning industry.

Greg most recently served as Vice President of Operations for the rapidly growing Cortex Division. In his new role as President, Greg will be responsible for all aspects of Cortex's operations and serve as the primary point of contact with our customers.

"Greg's success through many years at CTG provides an excellent foundation for his leadership at Cortex," said Barney Bosse, CEO of Cleaning Technologies Group. "He brings a history of innovation, a growth mindset, and a laser focus on customer success to this new role. I'm looking forward to Greg's continued growth at Cortex and CTG."

Greg's promotion reflects CTG's ongoing commitment to developing strong leaders and advancing innovative solutions that meet evolving customer needs across industries.

Cleaning Technologies Group, LLC is a world leader in providing innovative cleaning and waste minimization technologies to precision and industrial manufacturing markets. CTG is comprised of Ransohoff, Blackstone-NEY Ultrasonics & Cortex Engineered Solutions located in Cincinnati, Ohio; and CTG Asia located in Suzhou, China. The Group is the premier provider of high technology, environmentally friendly parts-cleaning and waste-minimization equipment and services to the global marketplace. CTG LLC is a wholly owned subsidiary of NM Group Global, LLC.

NM Group Global LLC is a holding company for a growing group of manufacturing firms with a global reach for sourcing and marketing. Founded in 2002 with the purchase of National Machinery LLC, a world leader in the development and manufacture of cold forming machines, process technology, and
